Editor's NOTEBOOK

FANS WANT ARCHIE IN THEIR
LOCAL NEWSPAPERS

Dear Archie Readers,

The other day I received a letter from Sara Gambetta who lives in Corpus Christi, Texas. She writes, "I love Archie Comics and I wish it could be in my local newspaper."

I receive mail like this almost every week. While Archie does appear in newspapers throughout the United States and Canada, there are many papers that do not carry the Archie strip. Newspapers subscribe to comic strips on an individual basis, so if your local paper is not yet an Archie subscriber, I'm sure they would be interested in hearing from you. Most editors seek feedback from their readers. If you are one of those who does not read your local paper, but you'd be willing to read it if it contained more comic strips like Archie, then tell your editor. Or ask your parents to help you write a letter-to-the-editor.

Any newspaper editor who was genuinely convinced that the Archie comic strip would boost their readership, would instantly start running it.

Here's what you can do if, like Sara, you would like to see Archie in your local newspaper:

1. Find out the name of the "Comic Editor" for your newspaper.
2. Write and call the editor and let him/her know that you would like to see ARCHIE in that newspaper.
3. Let me know the name of the newspaper you contacted and what the editor's response was, or send me a copy of your letter along with the newspaper's response.

If you have any friends or relatives who feel the same as you about wanting Archie in their newspaper, pass these tips along.

Send your letters to:

Help Mega Man turn Proto Man into spare parts.

Proto Man's got Dr. Light. But Mega Man is back—ready to put some heavy pedal to the metal to defeat Stone Man, Gyro Man, Star Man, Wave Man, Charge Man and other robotic goons. Use his Mega Buster and Super Arrow to make it to the castle and put Proto Man on the scrap heap forever.

Use your modified Mega Buster before this robot gets the jump on you.

When you hit the gravity chamber, it's hard to tell which way is up.

Catch a wave on your hydro-cycle and sink this robot for good.
